## World's Largest Conference For Women Engineers - Date Approaching

WE18's theme, Let's Break Boundaries is rooted in the notion that all women engineers, young and old, veterans, those in the early stages of their career, and engineers still pursuing their collegiate degree, are breaking boundaries both personally and for women across the globe.

The conference itself breaks boundaries by being the largest gathering of women engineers across all major engineering disciplines. Facing challenges and breaking through barriers is something SWE has done since its inception in 1950. 2018 and WE18 will be no exception.

## SWE-HA volunteering

We always welcome more help if you want to get involved with more volunteering activities. Future help we will be looking for include scholarship committee/judging, STEM toy drive in November, and girl scouts badge day volunteers in February.

## SPE Upstream Oil and Gas Professionals Hiring Event

**October 16, 2018**

**Time: 8:30 a.m. - 2 p.m.**

**Location: Trini Mendenhall  
Community Center 1414 Wirt Rd.,  
Houston, TX, 77055**

The SPE - GCS invites you to participate in the 4th edition of the "Upstream Oil & Gas Professionals Hiring Event." Following the success of the inaugural event in March 2017, we continue to provide a platform connecting experienced job seekers with upstream oil and gas companies to fill open positions. The SPE is partnering with other organizations to make the event a mirror of the oil industry.

Employers and Job seekers must register in advance. Job seekers must be a professional member of one of the collaborating professional organizations, which includes SWE. For more details follow this [Link](#)

There will be 40 employers taking place and about 500 job seekers.  
Dress code: **Business**
